†his **FREE** offer is for church members

Earn a "Certificate of  
Church Doctrine"  
(from your pastor)

Dear Pastor and Church Member,

My wife and I are both schoolteachers who **work full-time** in California. We both graduated from San Diego Christian College. Now we are both PhD candidates in Higher Education Administration (ABD) at the University of Phoenix. Our dissertation proposals were on **improving online education**. We're introducing an easy-to-use online certificate program that will help local church members to begin their journey in deeper Bible study and doctrine.

**Pastors are often looking for effective ways for church members to individually and personally dive into God's Word while being able to oversee their spiritual growth.**

- We provide the online **Bible Study Guide** via email
- **Pastors** have access to **online updates** on progress
- **Pastors** can **make comments** on student work

Once church members complete this **free** online course of study, they will receive a "**Certificate of Church Doctrine**" from **Doctrine Seminary** (unaccredited) which will have your pastor's signature on the diploma as well as ours.

Pastors are invited to preview this course by emailing us (indicating interest) to [info@doctrineseminary.org](mailto:info@doctrineseminary.org). We will send out a **Google Doc** along with instructions on how to get started. **Your pastor is in control of this free program.**
